The Winning Bidder must provide a certification from the endpoint protection solution manufacturer or its authorized distributor in the Philippines that the proposed solution seamlessly integrates with the DOE's VSA application.
Anti-Malware	Provide protection that is based on signature scanning and heuristic analysis against viruses, worms, trojan horses, spyware, adware, keyloggers, rootkits, and other types of malicious software.
	Provide a separate layer of protection against brand new, undocumented threats using heuristic algorithms to detect malware based on behavioral characteristics.
	Have customizable scan engines, being able to choose between several scanning technologies such as local scan, hybrid scan, central scan, central scan with fallback on local scan, central scan with fallback on hybrid scan.
	Able to auto-quarantine or auto-delete identified malware without need for end-user interaction or input.
Proactive Protection Against Malware	Provide multiple layers of protection from ransomware, analyze and intercept malicious software on access and during runtime.
	Prevent malware from encrypting personal or sensitive data.
	Automatically create a backup of target files that can be restored after the malware is blocked.
Advanced Threat Control	Continuously monitor running processes and grade suspicious behavior such as attempts to disguise the type of process, execute code in another process' space (by hijacking process memory for privilege escalation), replicate and drop files, etc. Each suspicious behavior raises the process rating. When a threshold is reached, an alarm is triggered.

	<p>Detects advanced attacks and suspicious activities in the pre-execution stage.</p> <p>Contains and implements machine learning models and stealth attack detection technology against threats such as zero-day attacks, advanced persistent threats (APT), obfuscated malware, fileless attacks (misuse of PowerShell, Windows Management Instrumentation, etc.), credential stealing, targeted attacks, custom malware, script-based attacks, exploits, hacking tools, suspicious network traffic, potentially unwanted applications (PUA), ransomware.</p>
Anti-Exploit	<p>Catches the latest exploits in real-time and mitigates memory corruption vulnerabilities that can evade other security solutions.</p> <p>Detects exploit methods and protects the memory space of browsers, document viewers, media players, and office applications.</p>
Content Control	<p>Enforces company policies for allowed traffic, web access, data protection, and application control.</p> <p>Administrators can define traffic scan options and exclusions, schedule web access while blocking or allowing specific web categories or URLs.</p> <p>Configurable data protection rules can define permissions for the use of specific applications.</p>
Firewall	<p>Controls applications' access to the network and to the Internet.</p> <p>Access is automatically allowed for a comprehensive database of known or legitimate applications.</p> <p>Protects the system against port scans, restrict Internet connection sharing (ICS) and warn when new nodes join a Wi-Fi connection.</p>
Network Attack Defense	<p>Detects network attacks designed to gain access to endpoints through specific techniques, such as brute-force attacks, network exploits, password stealers, drive-by-download infection vectors, bots, and Trojans.</p>
Blocklist and Network Isolation	<p>Allows the administrator to block malware and malicious processes and prevent compromised endpoints from accessing the network for threat containment.</p>

Device Control	Prevents sensitive data leakage and malware infections via external devices attached to endpoints by applying blocking rules and exceptions via policy to various device types (such as USB flash drives, Bluetooth devices, CD/DVD players, storage devices, etc.).
Application Control	Prevents malware and zero-day attacks and enhances security without impacting productivity.
	Enforces flexible application whitelisting (and blacklisting) policies that identify and prevent the installation and execution of unwanted, untrusted, or malicious applications.
Operating System Support	Supports different platforms, including Windows, MacOS, Linux, Windows Server, Android, iOS, iPadOS.
Deployment	Agent is deployable remotely through Active Directory, a URL link which is distributable through email, a third-party application/tool, distribution copies using media like USB, CD, DVD, etc., or an on-premises repository that does not use the DOE's internet bandwidth.
Threat Analytics	Determines the malicious file, application, or process, the time of detection, and the device involved.
	Recommends steps to take on the threat event.
Visualization	Creates an incident map that visualizes events related to a suspicious file, application, or process, to help triage incidents.
Integrated Management/Unified Console	Management console should manage both the server and endpoint protection solutions.

D. Technical Support and Maintenance

The Winning Bidder shall provide the DOE with the following aftersales support and maintenance:

1. Activate the endpoint protection solution license, thereby ensuring the solution's continued use by the DOE;
2. Assess the DOE's implementation of its endpoint protection solution based on the DOE's current needs; and assist in the reconfiguration of the endpoint protection solution's management console;

3. Provide the DOE with access to technical support professional services via phone, email, or chat (8x5 – local; 24x7 – international);
4. Provide the DOE with onsite support upon the occurrence of critical system issues within two hours from receipt of notice from the DOE;
5. Provide the DOE with software updates and upgrades and assist the DOE in configuring said updates and upgrades; and
6. Conduct system health checks on a quarterly basis.

E. Other Terms

1. Product Training and Demonstration

Within five days from the activation of the license, the Winning Bidder shall provide the DOE with onsite or online technical training and updates for at least five participants, inclusive of meals and training kits.

2. Contract Duration

The contract shall run for one year upon the activation of the endpoint protection solution license.

3. Documentary Requirements

- a. The Winning Bidder shall provide the DOE with a certification from the endpoint protection solution manufacturer that it is an authorized vendor, reseller, or software partner of the latter; and
- b. Upon the activation of the license, the Winning Bidder shall immediately provide the DOE with proof of the same.

4. Limited Warranty

The Winning Bidder warrants that the protection solution shall run during the subscription period and shall provide the DOE with regular updates and upgrades substantially in accordance with the documentation of the solution provided.

IV. LOT 2: SERVER PROTECTION SOFTWARE LICENSE, MAINTENANCE, AND SUPPORT (ABC = PHP 965,000.00)

A. Scope of Services

The Winning Bidder shall supply, deliver, and configure at least 100 licenses of a cloud-based server protection solution which is valid for one year from installation, deployment, and activation.

B. Approved Budget of Contract

The ABC is Nine Hundred Sixty-Five Thousand Pesos (Php 965,000.00), inclusive of all government taxes, charges, and other standard fees.

C. Technical Specifications

The server protection solution should conform to the following technical specifications:

Description	Technical Specifications
Zero Day Protection	Protects the DOE's servers against zero-day vulnerability.
Pre-emptive Patching	Protects unpatched Windows, Linux, and CentOS against unknown and zero-day attacks without the need of signatures of any form. All attacks should be terminated within milliseconds.
Solution Type	Should have a memory-based sensor and not just a host-based agent.
Security for Web Layer Attacks/Interpreted Code	Protects against serialization and de-serialization attacks for Java and other interpreters.
	Provide customization features such that for attacks detected by the solution which were undetected by other security solutions in the network, it should be able to provide signatures as a feedback loop.
Deep Memory Visibility into Applications at Runtime	Detects runtime flaws such as buffer errors that can lead to remote code exploitation of the victim machine.
	Detects attacks even when network or application behavioral or heuristic signatures fail to detect attacks.
	Provides near zero false positives.

	Reduces dwell time of attackers to milliseconds.
Protection of Various Platforms	Protects on-premise, cloud, or hybrid applications running on physical servers or virtual machines.
Host-based Security	Monitors running processes.
	Monitors and protects the file system for important OS and application files on the server based on automated and continuous baselining of known good files.
Email Notification	Sends notification to the administrator about the attacks and threats via email.
Reporting and Logging	Logs evidence on non-writeable media like a write once, read many (WORM) drive, so threat actors cannot delete logs to defeat forensic investigations.
Compliance Reporting	Reports should contain the user, IP, URL, process, PID, original application memory address, memory address pointed which changed based on the attack.
Integrated Management/Unified Console	Management console should manage both the server and endpoint protection solutions.

D. Technical Support and Maintenance

The Winning Bidder shall provide the DOE with the following aftersales support and maintenance:

1. Activate the server protection solution license, thereby ensuring the solution’s continued use by the DOE;
2. Assess the DOE’s implementation of its server protection solution based on the DOE’s current needs; and assist in the reconfiguration of the server protection solution’s management console;
3. Provide the DOE with access to technical support professional services via phone, email, or chat (8x5 – local; 24x7 – international);
4. Provide the DOE with onsite support upon the occurrence of critical system issues within two hours from receipt of notice from the DOE;
5. Provide the DOE with software updates and upgrades and assist the DOE in configuring said updates and upgrades; and

6. Conduct system health checks on a quarterly basis.

E. Other Terms

1. Product Training and Demonstration

- a. Provide training and demonstration covering essential actions for correct use and day-to-day administration.
- b. Provide physical training materials, product guides, and documentation, which should also be available online.
- c. Provide a course outline at least three days before the conduct of the training.
- d. Training and demonstration shall be conducted within five days after the activation of the protection software, and at a location designated by the DOE.

2. Contract Duration

The contract shall run for one year upon the activation of the server protection solution license.

3. Documentary Requirements

- a. The Winning Bidder shall provide the DOE with a certification from the server protection solution manufacturer that it is an authorized vendor, reseller, or software partner of the latter; and
- b. Upon the activation of the license, the Winning Bidder shall immediately provide the DOE with proof of the same.

4. Limited Warranty

The Winning Bidder warrants that the protection solution shall run during the subscription period and shall provide the DOE with regular updates and upgrades substantially in accordance with the documentation of the solution provided.

V. DELIVERY

All items should be delivered within 30 days of receipt of Notice to Proceed by the Winning Bidder. Delivery must be done during business hours.

VI. TERMS OF PAYMENT

Payment shall be processed within 30 days upon completion of delivery and after the signing of the Certificate of Completion and Acceptance by the end-user.

Section VIII. Checklist of Technical and Financial Documents

Checklist of Technical and Financial Documents
(Requirement during the Opening of Bids) and
Documentary Requirements for Post-qualification

I. TECHNICAL COMPONENT ENVELOPE

Class “A” Documents

Legal Documents

- (a) Valid PhilGEPS Registration Certificate (Platinum Membership) (all pages).
- Or
- (b) Registration certificate from Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) for sole proprietorship, or Cooperative Development Authority (CDA) for cooperatives or its equivalent document;
- And
- (c) Mayor’s or Business permit issued by the city or municipality where the principal place of business of the prospective bidder is located, or the equivalent document for Exclusive Economic Zones or Areas;
- And
- (d) Tax clearance per E.O. No. 398, s. 2005, as finally reviewed and approved by the Bureau of Internal Revenue (BIR).

- (f) Statement of the bidder’s Single Largest Completed Contract (SLCC) (**Bidding Form Annex B**) similar to the contract to be bid, except under conditions provided for in Sections 23.4.1.3 and 23.4.2.4 of the 2016 revised IRR of RA No. 9184, within the relevant period as provided in the Bidding Documents; and
- (g) Original copy of Bid Security. If in the form of a Surety Bond, submit also a certification issued by the Insurance Commission; or original copy of Notarized Bid Securing Declaration (**Bidding Form Annex C**); and
- (h) Conformity with the Technical Specifications under Section VII by signing the bidder’s compliance column of the TOR/Technical Specification and submission of the following:
 - 1. production/delivery schedule;
 - 2. manpower requirements/organizational structure; and
 - 3. **Guarantee for after sale services for Services**; and
- (i) Original duly signed Omnibus Sworn Statement (OSS) (**Bidding Form Annex D**); and if applicable, Original Notarized Secretary’s Certificate in case of a corporation, partnership, or cooperative; or Original Special Power of Attorney of all members of the joint venture giving full power and authority to its officer to sign the OSS and do acts to represent the Bidder.

Financial Documents

- (j) The Supplier's audited financial statements, showing, among others, the Supplier's total and current assets and liabilities, stamped "received" by the BIR or its duly accredited and authorized institutions, for the preceding calendar year which should not be earlier than two (2) years from the date of bid submission; and
- (k) The prospective bidder's computation of Net Financial Contracting Capacity (NFCC); or a committed Line of Credit from a Universal or Commercial Bank in lieu of its NFCC computation.

Class "B" Documents

- (l) If applicable, a duly signed joint venture agreement (JVA) in case the joint venture is already in existence; or **duly** notarized statements from all the potential joint venture partners stating that they will enter into and abide by the provisions of the JVA in the instance that the bid is successful.

II. FINANCIAL COMPONENT ENVELOPE

- (m) Original of duly signed and accomplished Financial Bid Form **(Bidding Form Annex E); and**
- (n) Original of duly signed and accomplished Price Schedule(s) **(Bidding Form Annex F).**

Other documentary requirements under RA No. 9184 (as applicable)

- (o) *[For foreign bidders claiming by reason of their country's extension of reciprocal rights to Filipinos]* Certification from the relevant government office of their country stating that Filipinos are allowed to participate in government procurement activities for the same item or product.
- (p) Certification from the DTI if the Bidder claims preference as a Domestic Bidder or Domestic Entity.

III. Post-Qualification Requirements:

1. In case only the PhilGEPS Registration Certificate (Platinum Membership) was submitted during the bid opening, submit the certified true copies of the following:
 - (a) Registration certificate from Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) for sole proprietorship, or Cooperative Development Authority (CDA) for cooperatives or its equivalent document;
 - (b) Mayor's or Business permit issued by the city or municipality where the principal place of business of the prospective bidder is located, or the equivalent document for Exclusive Economic Zones or Areas; and
 - (c) Tax clearance per E.O. No. 398, s. 2005, as finally reviewed and approved by the Bureau of Internal Revenue (BIR).
2. Latest Income/Business Tax Returns;
3. Certificate of PhilGEPS Registration;
4. Pictures of its principal place of business;
5. In case of Goods, submit brochures/prototype/actual sample of the products being offered or in case of Services, concept paper/write-up or description of the services being offered; which must be submitted on the date indicated in the post-qualification letter, addressed to the end-user, and certifies that it is the bidder's official and final offer. Non-submission of this requirement may be a ground for disqualification.
6. In case of procurement for manpower services, proof of contribution/remittance for SSS, Philhealth and Pag-ibig for the last six (6) months from the opening of bid; and
7. Other appropriate licenses and permits required by law as stated in the bidding documents/post-qualification letter.

Contract Agreement Form for the Procurement of Goods (Revised)
[Not required to be submitted with the Bid, but it shall be submitted within ten (10) days after receiving the Notice of Award]

CONTRACT AGREEMENT

THIS AGREEMENT made the ____ day of _____ 20____ between [name of PROCURING ENTITY] of the Philippines (hereinafter called “the Entity”) of the one part and [name of Supplier] of [city and country of Supplier] (hereinafter called “the Supplier”) of the other part;

WHEREAS, the Entity invited Bids for certain goods and ancillary services, particularly [brief description of goods and services] and has accepted a Bid by the Supplier for the supply of those goods and services in the sum of *[contract price in words and figures in specified currency]* (hereinafter called “the Contract Price”).

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract referred to.
2. The following documents as required by the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184 shall be deemed to form and be read and construed as integral part of this Agreement, viz.:
 - i. Philippine Bidding Documents (PBDs);
 - i. Schedule of Requirements;
 - ii. Technical Specifications;
 - iii. General and Special Conditions of Contract; and
 - iv. Supplemental or Bid Bulletins, if any
 - ii. Winning bidder’s bid, including the Eligibility requirements, Technical and Financial Proposals, and all other documents or statements submitted;

Bid form, including all the documents/statements contained in the Bidder’s bidding envelopes, as annexes, and all other documents submitted (e.g., Bidder’s response to request for clarifications on the bid), including corrections to the bid, if any, resulting from the Procuring Entity’s bid evaluation;
 - iii. Performance Security;
 - iv. Notice of Award of Contract; and the Bidder’s conforme thereto; and
 - v. Other contract documents that may be required by existing laws and/or the Procuring Entity concerned in the PBDs. Winning bidder agrees that additional contract documents or information prescribed by the GPPB that are subsequently required for submission after

the contract execution, such as the Notice to Proceed, Variation Orders, and Warranty Security, shall likewise form part of the Contract.

3. In consideration for the sum of *[total contract price in words and figures]* or such other sums as may be ascertained, *[Named of the bidder]* agrees to *[state the object of the contract]* in accordance with his/her/its Bid.
4. The *[Name of the procuring entity]* agrees to pay the above-mentioned sum in accordance with the terms of the Bidding.

IN WITNESS whereof the parties hereto have caused this Agreement to be executed in accordance with the laws of the Republic of the Philippines on the day and year first above written.
