CITIZEN'S CHARTER

2023 (1st Edition)

4. Service Name: Issuance of Energy Label Equivalent (Certificate of Exemption or the Certificate of Conditional Approval) for Product Registered under the Philippine Energy Labeling Program (PELP)

Service Information: The use of an online platform or the PELP System resulted in faster, more accessible, and more efficient public service delivery. In response to COVID-19, EPRED worked towards the digitalization of its registration process, particularly for company registration, product registration and energy label issuance or equivalent. All pertinent PELP documentary requirements are submitted electronically through the PELP System. As a result, substantial improvements in the ease of doing business/ease of transaction have been realized through the efficient processing of online registration applications and automation of energy label issuance.
