

## SURVEY QUESTIONNAIRE

This questionnaire aims to gather information and feedback from the DOE stakeholders to assess the programs and plans of the agency to *ensure sustainable, stable, sufficient, and accessible energy*.

Instruction: In a scale of 1 to 5, 1 being the lowest and 5 being the highest, please indicate your rating on the following programs of the DOE. We also encourage you to give your comment/suggestion that will serve as inputs to DOE plans and programs.

DOE Programs	Scale (1-5)
<b>1. Alternative Fuels and Technologies</b>	
<input type="checkbox"/> Proactive promotion of alternative fuels for transport to reduce dependence on imported oil, i.e. CNG, auto LPG, LNG, biofuels, e-vehicles	
<input type="checkbox"/> Development of alternative energy technology and infrastructures, i.e. pipelines, refilling stations, biofuels refining plants and conversion shops	
<input type="checkbox"/> Implementation of Biofuels Act	
Comments/Suggestions:	
<b>2. Downstream Oil industry</b>	
<input type="checkbox"/> Ensure sufficient and quality supply of oil products	
<input type="checkbox"/> Promote transparency in oil prices, including biofuel components	
<input type="checkbox"/> Mitigate impact of high oil prices	
<input type="checkbox"/> Safety and security on energy infrastructure & production areas	
<input type="checkbox"/> Implementation of Downstream Oil Deregulation Law	
Comments/Suggestions:	
<b>3. Energy Efficiency and Conservation</b>	
<input type="checkbox"/> Promote energy conservation and efficient technologies	
<input type="checkbox"/> Effectiveness of Information Education Communication (IEC) on Energy Efficiency and Conservation (i.e. seminars, print and TV ads, voluntary agreements)	
<input type="checkbox"/> Effectiveness of Energy Labeling and Standardization	
<input type="checkbox"/> Recognition and Awards for Energy Efficiency and Conservation	
<input type="checkbox"/> Promotion of Energy Audit	
<input type="checkbox"/> Advocacy for an Energy Conservation Law	
Comments/Suggestions:	

4. Indigenous Energy Development	
<input type="checkbox"/> Ensure energy security by increasing <b>coal production</b>	
<input type="checkbox"/> Ensure energy security by increasing <b>oil and gas exploration</b>	
<input type="checkbox"/> Ensure energy security thru intensive <b>RE development</b> , i.e. geothermal, hydro, solar, wind, biomass, ocean	
<input type="checkbox"/> Increase investments thru Energy Contracting Round	
<input type="checkbox"/> Incentives for Energy Developers	
<input type="checkbox"/> Safety and security on energy infrastructure & production areas	
Comments/Suggestions:	
5. Power and Rural Electrification	
<input type="checkbox"/> Energy access through barangay, sitio and household electrification program	
<input type="checkbox"/> Stable electricity supply in Luzon, Visayas and Mindanao	
<input type="checkbox"/> Promote and monitor implementation of Power Supply Projects	
<input type="checkbox"/> Nuclear energy as a long-term option for electricity power supply	
<input type="checkbox"/> Implementation of Electric Power Industry Reform Act	
Comments/Suggestions:	
6. Renewable Energy	
<input type="checkbox"/> Implementation of RE policy mechanisms, i.e. FIT, RPS, Net Metering, Green Energy Option	
<input type="checkbox"/> Update of RE Resource Inventory	
<input type="checkbox"/> Promotion of Investments in RE	
<input type="checkbox"/> Implementation of RE Law	
Comments/Suggestions:	
7. Overall Energy Plans and Programs	
<input type="checkbox"/> Consistency of Philippine Energy Plan with Philippine Development Plan (PDP)	
<input type="checkbox"/> Effectiveness of Energy Information Websites, i.e. kuryente.org.ph and wattmatters.org.ph	
<input type="checkbox"/> Partnership of DOE with multi stakeholders, i.e. NGAS, LGU, CSOs, Academe	
<input type="checkbox"/> Investment promotion for local and international players	
<input type="checkbox"/> Conduct of public consultations on energy issuances	
Comments/Suggestions:	

In the forthcoming hosting by the Philippines of the APEC Meetings in 2015, what major issues and concerns should the Philippine energy sector raised and discussed with 12<sup>th</sup> APEC Energy Ministers meeting in June 2015?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Do you think the Philippine energy sector is ready for the ASEAN Economic Integration in 2015? If yes, why? If no, why?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Additional comments/suggestions:
