	purpose			Maintenance of GAD Desk/ Room. This shall include equipment/ supplies needed; Including the regular update of the DOE-GAD website	A dedicated GAD desk/room is maintained in the DOE;  An updated GAD website			
<b>CLIENT-FOCUSED</b>								
Lack of awareness particularly of women, on Energy Safety Practices and Efficiency Measures (ESPEM)	Inadequate/limited area coverage of information dissemination activities to promote ESPEM	To equip women with knowledge / information on ESPEM	MFO 2: Energy Sector Innovation  PAP: Consumer Welfare Promotion	Conduct of a series of IEC campaigns on ESPEM in various areas nationwide through the aid of related logistical requirements relating to IEC, e.g., collaterals, supplies, and materials. Continuation for the identification of barangay-based women associations /organizations nationwide.	No. of barangay-based women's groups tapped for the conduct of IEC-ESPEM nationwide with the aid of related logistics and collaterals needed in the promotion/ campaign.  Summary of feedback and evaluation results per IEC- ESPEM conducted.	P 2M  P200,000  P200,000		AS-HRMD  DOE- MFO  DOE-VFO
Lack of awareness on the safe use of LPG among female users (housewives, female house helps, etc.)	Inadequate information as to the safe use of LPG by women in municipalities, <i>sitios</i> , barangays nationwide	To equip female consumers especially housewives, house helps, etc. with proper information on the safe LPG usage	MFO 2: Energy Sector Innovation PAP: Consumer Welfare Promotion (Conduct of <i>Ligtas na Pag-gamit ng Gas</i> or Safe LPG Usage)	Development and implementation of new IEC strategies (Tri-media) underlining the significant role of women as caregivers and home managers, who are primarily in charge of food preparation and other house works that utilize LPG;  Conduct of safe use of LPG IEC campaign through the use of the new IEC strategies  Conduct of project impact assessment among local	No. of local women's groups tapped for the conduct of the safe use of LPG IEC campaign  Summary of feedback and evaluation per IEC campaign conducted  Project Impact assessment completed	P1.5 M  P250,000  P250,000		OIMB  DOE-MFO  DOE-VFO

Gender Issue and/or GAD Mandate (1)	Cause of the Gender Issues (2)	GAD Result Statement of GAD Objectives (3)	Relevant Agency MFO/PAP (4)	GAD Activity (5)	Output performance Indicators and Target (6)	GAD Budget (7)	Source of Budget (8)	Responsible Unit/Office (9)
				women's groups				
Lack of proper knowledge on the health and safety risks of <i>bote-bote</i> fuel retailing insofar as the sidewalks/street vendors particularly housewives are concerned	Inadequacy of information as to the health and safety risks of <i>bote-bote</i> fuel retailing particularly among women vendors in municipalities, sitios, barangays	To equip concerned publics (particularly women vendors) with the right information on the health and safety risks of <i>bote-bote</i> fuel retailing	MFO 1: Energy sector policy services  PAP: Policy research and formulation  MFO 2: Energy Sector Innovation  PAP: Consumer Welfare and Promotion (Conduct of <i>BAWAL: Beh! Bote-Bote Nga!</i> )	Phase 1: Conduct of situational analysis/pilot testing (survey, focused group discussion, field validation, gender mapping, data evaluation and analysis)  Phase 2: Formulation of policy recommendation, strengthening IEC through advocacy tools/materials development  Phase 3: Implementation of support programs: capacity building, public-private sector partnership for small-scale gender-led entrepreneurship; replication to other areas, monitoring and evaluation	No. of IECs conducted  Situational analysis in pilot areas where IECs were conducted Policy recommendation formulated and approved by the Secretary for implementation  No. of capacity building activities conducted	P 1.0 M		OIMB
Minimal influence of women on concepts, planning, decision-making and implementation of policies, programs, projects and services concerning RES	Lack of holistic approach to women's organized and systematic participation in RES program	To promote women participation in RE-based systems projects towards sustainable community transformation and development  To promote RES technology as a means to establish and support enterprise development and empowerment of the rural sector, especially the women	MFO 2:	Conduct of seminar-workshop on the construction of a 6 cubic meter biogas digester	No. of trainings conducted ? 1	P250,000.00		DOE MFO
			Energy Sector Innovation	Conduct of training on biogas and related other R.E. technologies	Number of women participating and nature/level of participation of women in RES projects ? 2	P 500,000.00		DOE LFO
			PAP: Capacity building	Sustainable R.E. Development Through Gender Power Upstreaming-2 Program (SURE-UP-2 Program) in Ilocos Sur, Ilocos Norte (Region 1) and in Abra (CAR) thru the	One (1) complete profile of other R.E. systems in Region 1 and in CAR (published material)	P25M		REMB-SWEMD and AS-HRMD
