

Criteria to be Considered a Bulk Consumer

1. Purchases LPG in large quantities for its own use, requires bulk storage and does not in any way engage in the sale of LPG to End-consumers;
2. LPG use is considered “from bulk storage to LPG appliances or LPG-fed equipment”;
3. LPG consumption is for single End-consumer; and
4. In the case of multiple LPG End-consumers, LPG consumption is a part of utility expenses (e.g., electricity, water, etc.).
