

Date	3 November 2021
Prospective Bidder	PAVI Green Renewable Energy Corp.
Project	AEC COMPETITIVE SELECTION PROCESS (CSP) FOR THE SUPPLY OF RENEWABLE ENERGY FROM ELIGIBLE RENEWABLE ENERGY (RE) RESOURCES AEC-RPS-CSP-2021-01

Queries and clarificatory requests in relation to the CSP Bid Documents:

#	Document	Reference	Provision	Query/Request	Proposed Revision / Answer from AEC
1.	TOR	18. OPENING OF BIDS	18.2. TPBAC shall open the Bids with representatives from DOE and ERC as invited Observers. All members of TPBAC or their duly authorized representatives who are virtually present during bid opening, shall affix their electronic initials on each and every page of all bids received and opened.	We strongly suggest AEC to consider showing all bidder's bid price as soon as bids are opened for transparency.	Subject to pertinent DOE CSP rules, we have to get the consent of the concerned bidder before disclosing its bid price to the other bidders.
2.	TOR	Section 3	Submission of Bids Deadline 25 Nov. 2021, Thursday, 11:30 AM	Extension of at least 2 weeks for the submission deadline. We are only suggesting that the submission of the bids to be extended. The COD will remain the same.	This request is denied as this will adversely impact the timeline of the CSP timetable.
3.	TOR	Section 22, Section 12	If there is no meeting of the minds, contract negotiations will move on to the next Lowest Calculated Bid until a meeting of the minds is reached between the parties.	During negotiation stage, if there is no agreement between parties, do we forfeit our bid security?	It will depend on what the bidder does not agree to. If the bid was made in bad faith, bid security may be forfeited.
4.				Assuming we have a plant that won't be able to supply 100% at each interval, can we supply the deficiency with blended replacement power so long as we can provide the RECs applicable for your contracted capacity? Also, can this replacement power come from WESM?	Bidder will have to specify its proposal for replacement power in Annex "I" placeholder for consideration of the AEC TPBAC.
