**WHEREAS**, under Section 2 of R.A. No. 7638, otherwise known as the "Department of Energy Act of 1992", it is declared the policy of the State to ensure a continuous, adequate, reliable, and economic supply of energy through, among others, the judicious conservation, renewal and efficient utilization of energy, to keep pace with the country's growth and economic development and to rationalize, integrate, and coordinate the various programs of the Government towards self-sufficiency and enhanced productivity in power energy without sacrificing ecological concerns;

**WHEREAS**, the conservation and efficient utilization of energy is one of the major strategies of the Government to realize energy self-sufficiency and reduce environmental impacts of energy generation and utilization as instituted in the Philippine Energy Plan (PEP) and the National Energy Efficiency and Conservation Program (NEECP);

**WHEREAS**, Administrative Order Nos. 103, 110 and 126 mandate a ten per cent (10%) reduction in energy consumption in all government offices, including the designation of an Energy Conservation Officer;
